**Accessing to the course**

Go to **Navigation** block, click on **My courses** option and you will see all the courses that are entitled for you. In case you do not see any of the courses that you should be enrolled you can perform a manual search.

Go to the Moodle home page, on the central panel were all the courses are indicated perform a search, type the name of the course or the course code and click on the retrieved information.

---

**Enrollment Key**

There are courses that are password protected. You need to have an enrollment key to be able to enroll to the course.

Ask for an enrollment key from your instructor. Type the enrollment key and enroll yourself as a student.
